

IT'S THAT TIME OF YEAR AGAIN!

GROUNDHOG JOB SHADOW DAY

Connecting Classrooms & Careers

Tuesday, February 5, 2008

On this day, Texas students, *8th through 12th grade*, will get an up-close look at how the skills they learn in school are put into action in the workplace. They will shadow a workplace mentor as he or she goes through a normal day on the job.

Job Shadowing is designed to give kids an opportunity to "shadow" an adult during their daily work activities. It inspires kids to be enthusiastic about their studies by showing them the correlation between what they learn in school and how it is used in the workplace.

Don't miss out on this educational and career guided opportunity!
