Counselors' Network
Fall '03 Event

**"Border Region's
Health Professions
Awareness"**

Employment of pharmacists is expected to grow faster than the average (increase 21 to 35 percent) for all occupations through the year 2010, due to the increased pharmaceutical needs of a larger and older population and greater use of medication.

*According to the U.S. Department of Labor
Bureau of Labor Statistics*

Employment of dietitians is expected to grow about as fast as the average (increase 10 to 20 percent) for all occupations through 2010 as a result of increasing emphasis on disease prevention through improved dietary habits.

*According to the U.S. Department of Labor
Bureau of Labor Statistics*

Counselor's Network Mission:

To bring together the counselor's from our region to enhance student development through effective counselor professional development. Consistently maintaining a positive and proactive learning environment to further future career goals and student performance.

Fall '03 Event

"Border Region's Health Professions Awareness"

Each session will feature a brief panel introduction and presentation by professionals in the health care field. Topics to be covered include changes in the health care field, areas of staffing shortages, and workforce projections for the future. What courses should students take now to prepare for a job in health care? What are the emerging health professions in our area?

Come hear answers to these questions and more valuable information on the health care field from local professionals such as:

- ✓ Doctors
- ✓ Nurses
- ✓ Pharmacists
- ✓ Technicians

Fact: Texas will need up to 138,000 Licensed Practical Nurses, Registered Nurses, and Nurses Aides within the next seven to ten years.

According to the Texas Workforce Commission
