TODAY**

Leading the way to student success
11th Annual Regional Conference

Wednesday, August 18, 2010 • 7:00AM – 4:30PM • The Judson F. Williams Convention Center
El Paso, Texas

Dear CTSO Instructor,

The Upper Rio Grande College Tech-Prep Youth Consortium will be holding its 11th Annual Regional Conference on Wednesday, August 18, 2010 and would like you and your students to be a part of it!

For eleven years the URG College Tech-Prep Youth Consortium has worked hard to bring quality speakers to the Upper Rio Grande region of Texas to present on a variety of topics to ensure our Career and Technical Education instructors are given up to date information on Career and Technology courses and careers.

This year's conference will be held at the Judson F. Williams Convention Center from 7:00am—4:30pm with an expected participation of over 400 Career and Technical Education instructors, administrators, and some college and university faculty and staff. Last year we had student representatives from organizations such as HOSA, FBLA, FFA and FCCLA to name a few, showcasing achievements and program work to our conference attendees. In an effort to keep this an ongoing feature at our conference we are extending an invitation to you and your students to showcase any achievements or awards they might have received this past school year, and also give live demonstrations on what they are learning in the classroom! For example, a Health Science Program could give free blood pressure screenings or a Cosmetology Program could give a hands-on demonstration on the proper way to do a manicure. The possibilities are endless! We want to engage our conference attendees with as much hands-on and live demonstrations as possible, to let them know our students are learning valuable information in the classroom and are putting it to good use.

Student programs will be featured inside the breakfast/luncheon hall, to ensure every attendee has access to view the demonstrations. Instructors and students can arrive as early as 6:00am on conference day for set up. Due to limited capacity, a maximum of four students can represent each program. For consistency purposes, no programs will be duplicated, and will be determined on a first come first serve basis. However, campuses who have not participated in the past will be given first priority. Therefore, it is recommended to register as soon as possible. Students will be treated to a complimentary lunch as well.

If you and your students are interested in participating at our 11th Annual Regional Conference, please complete the attached CTSO Registration Form and send it to our office via fax at (915) 780-6507 as soon as possible.

***Your participation makes a difference and directly impacts the growth and future of the
Upper Rio Grande region.***
