

Tech Prep PEIMS Coding and CTE Coherent Sequence

Everything you wanted to know, but were afraid to ask!

PEIMS-Fall Snapshot

- All students coded as 0, 1, 2 or 3 in October
- Coherent sequence of courses:
 - Two or more CTE courses for three or more credits
- Fall submission data can be edited until January 24, 2008

Definition-Code 0

- Student is NOT enrolled in a CTE course and does NOT have any CTE courses on their four year high school plan

OR

- Student has a four year high school plan with a CTE coherent sequence, but has not enrolled in the first course in the CTE sequence.

Definition-Code 1

- Student is currently enrolled in a CTE course in either middle school or high school

AND

- Does NOT have a four year high school plan with a CTE coherent sequence

Definition-Code 2

- Student has a four year high school plan with a CTE coherent sequence of courses and is currently enrolled in a CTE course

OR

- Student has already taken the first course in the CTE sequence.

Definition-Code 3

- Student has a four year high school plan with a CTE coherent sequence of courses
- AND
- Student has a Tech Prep plan that leads to postsecondary education and training

Scenario

Tech Prep Student

- Pat is enrolled in Health Science (HS) and a HS coherent sequence of courses is on the four year plan for graduation.
- Pat has agreed to participate in the Tech Prep program.

Scenario 1

Tech Prep Student

- Pat will be coded as follows:
- Freshman Intro to HST (1/2) Code 3
- Sophomore HST I (1) Code 3
- Junior HST II (2) Code 3
- Senior HST III (2) Code 3

Scenario 2

Tech Prep Student

- Pat has decided not to take HST I and will skip a year of the CTE coherent sequence.
- Freshman Intro to HST (1/2) Code 3
- Sophomore ----- Code 3
- Junior HST II (2) Code 3
- Senior HST III (2) Code 3

Scenario 3

Tech Prep Student

- Pat changes the four year high school plan after the sophomore year.
- Freshman Intro to HST (1/2) Code 3
- Sophomore HST I (1) Code 3
- Junior ----- Code 0
- Senior ----- Code 0

Scenario 4

Tech Prep Student

- Pat changes the four year plan after the sophomore year and is no longer in a Tech Prep program.

• Freshman	HST I (1)	Code 3
• Sophomore	HST II (2)	Code 3
• Junior	-----	Code 2
• Senior	-----	Code 2

Scenario 5

Tech Prep Student

- Pat has the opportunity to take high school courses in middle school, and has completed Intro to HST in 8th grade (Tech Prep program participant)
- 8th grade Intro to HST (1/2) Code 1
- Freshman ----- Code 3
- Sophomore ----- Code 3
- Junior HST I (1) Code 3
- Senior HST II (2) Code 3

CTE Coherent Sequence

- The following scenarios are based on a CTE (non-Tech Prep) student.

Student Scenario 6

CTE Coherent Sequence

- Pat has enrolled in a CTE coherent sequence of courses on the four year graduation plan and is NOT participating in a Tech Prep program:
- Freshman Intro to HST (1/2) Code 2
- Sophomore ----- Code 2
- Junior HST I (1) Code 2
- Senior HST II (2) Code 2

Student Scenario 7

CTE Coherent Sequence

- Pat has the opportunity to take high school courses in middle school, and has completed Intro to HST in 8th grade (Not in a Tech Prep program):

• 8 th grade	Intro to HST (1/2)	Code 1
• Freshman	-----	Code 2
• Sophomore	-----	Code 2
• Junior	HST I (1)	Code 2
• Senior	HST II (2)	Code 2
